24-26pt, or 330gsm

THE INSIDE SCOOP

We are so excited to bring you this handmade paper. This seed paper is made in the USA from 100% recycled paper and embedded wildflower seeds. Every sheet is lovingly handmade so weight and appearance might vary slightly.

Plant this seed infused paper under a thin layer of soil in a sunny spot. You can plant it directly in your garden, or in a pot under $\frac{1}{4}$ " of fine soil. Keep moist for the first three weeks or until seeds germinate. The paper will recycle naturally into the soil. Be sure to tend to it with care, and watch wildflowers grow!

How can you use this paper? You can write on it, paint on it, stamp on it, and plant it! Create a handmade card, gift tag or note card. Get creative with this handmade paper and watch your ideas grow. Be sure to tag your projects #yourpaperinsider

The seeds in this amazing paper come from Applewood Seed Company and are non-invasive and non-GMO.
