THE INSIDE SCOOP

Hooray for the captivating allure of shimmery metallic vellum! Your Paper Insider BOX 6 boasts four delightful sheets of this exquisite material (white, silver, pearl & gold).

Curious about the creation of vellum paper? It undergoes a meticulous process of beating and treating cellulose fibers until all air is eliminated, yielding a sleek, transparent paper.

Now, let's delve into the world of Iridescent Vellum. Similar to many metallic papers, this variant features a mica-infused coating on both sides, resulting in a glossy, iridescent sheen. A gentle movement reveals a subtle sparkle, a play of colors, and reflections of light. Truly enchanting!
